

---

ALPHA - LENA - BIFURCATION

The separation of a whole into parts allows for the dissection of the process. An understanding of how the break from the nexus occurred, what purpose the fracture held, and what the process means for the resulting fragments. A rationalized understanding of not only the beginning and the end, but also for the space in-between, the threshold.

RENDERED BIOLOGY

---

RED - LYOT - WAVERING IDENTITY

A lost boy stranded in the wilderness of an oppressive society. The lack of balance in one's heart gives way to an unyielding sense of illogical hope. Distant memories provoke a prosthetic identity, one that has been curated through the minds of outsiders, neglected somewhere in the red forest. Lacking in legibility, on purpose?

HESITANT MONOMANIA

---

TERRA - HASSELL - ARTIFICIAL MILIEU

The temporal realm has fostered a society that is dependent on the contextual environment in order to find success, but is fueled through selfish desires with superficial motives. A collective mind operating under the pretense of advancement. This is what the world is, was, and always will be until the dogmatic nature of humanity is removed from the helm.

VEILED

---

JUPITER - JUNO - CONCEALED LANGUISH

External agony is never sufficient for humanities' primordial urge to feel pain, to have unwarranted emotion inflicted without consent. Genuine apathy for life begins, and heightens exponentially, internally, in one's mind. The struggle to grow distant from self-inflicted disdain is perpetual, often times resulting in an overwhelming urge to flee this physical and temporary home.

GEOMETRIC SUFFERING

---

MARS - SUBSURFACE - EXTRAMUNDANE THRESHOLDS

The concept of hierarchically distinguishing spaces through an intermediary division is rudimentary and terrestrial. On the surface, a boundary is a physical separation manifested by humanity with the intent to instill a sense of order. This heretical definition leads to the conclusion that a threshold maintains little consequence within the cosmos as a whole.

BOUNDED SPACE

DAVID - SKIN - CALCULATED ANOMIE

The world deserves an appropriate amount of animosity, a generated level of depression. To whom this is directed, and who makes that decision is a mystery. Nonetheless, the requirement for the negative to balance out the positive remains, unfazed by hopeful aspirations and nostalgic dreams.

AUTOMATON

BITTER - #FF00FF - PINK

A simple statement of color. An untaught urge towards self-identification, misinterpreted by society. An aesthetic that yearns to be basic, but by nature is impulsive and bold. A color that wants one to understand, rather than to judge. A branch from the tree of design that needs to be performative, make a guest feel what it is like to sweat.

FEAR

---

ARGENTINA - DISTANT - LEAKING MOONLIGHT

The nocturnal hours are often discarded to the post credits scene, having to religiously observe daylight steal the show. The little amount of light that perseveres throughout the night is unanimously made the focal point, never allowing darkness to have its moment. The constant stream of luminance pouring out from the moon will eventually fade, as nightfall was never its origin.

INKED

OMEGA - KUJA - SUFFOCATING PALAVER

Every end has a beginning, two distinctive qualitative measures. The in-between is what is forgotten, a jungle of complex emotions and objects that refuse to glow in the dark. Those who find a way to breathe without Oxygen define the future. They find out what it means to be phosphorescent. They discover the feeling of what it is like to not have fun anymore.

ILLUMINATED NIGHTMARES
